Essential tips for a successful entry

- A successful application must address all of the points above. Marks will be allocated only on the evidence provided.
- Use the above headings shown to highlight your answers to those specific questions. DO NOT include company marketing brochures in your entry.
- Include information on your exceptional successes during the year such as business systems, innovations or techniques that have reaped significant benefits. Concentrate on facts that can be substantiated
- You can use bullet points, charts and product photographs of your team/employees in your submission. 4 extra pages (in addition to the original 10 pages) of charts and photographs, which are particularly important for the judges to be able to see your projects or innovations, can be included.
- Don't underestimate the presentation! – the better impression you make with the judges could improve your chances in a tight race. Please remember that **ONLY THE FIRST 10 PAGES** of core information (and the 4 pages of visuals/photographs of supporting material that you may have provided as an appendix) of your submission will be assessed.
